Dear josha-journal readers,

In our current volume, we introduce our new team member Neher, but more on that in a moment. We would also like to draw your attention to the upcoming Demetrios Awards of the International Academy of Sciences, Humanities and Arts. Applications can be submitted until August 31, 2022. For more information, visit iasha.org.

As usual, the josha-journal offers a wide range of topics. Of particular relevance to German scientists is the controversy surrounding working conditions at German universities and the issue of temporary positions. Kerstin Krieglstein, Rector of the University of Freiburg, comments on this issue.

We are very excited to announce that Neher Aseem Parimoo joined our team as Editorial Manager.

Neher, a geneticist, recently finished her International Masters Program in Biomedical Science (IMBS) from the University of Buenos Aires and the University of Freiburg. She is now exploring her interests beyond science by pursuing interdisciplinary opportunities in science and humanities, beginning with her role at JOSHA."

Now we hope you enjoy reading the journal!
