Who we are:

The International Master in Biomedical Sciences (IMBS) team invites you to the Symposium "Science, Ethics and Arts". IMBS is a joint Program and collaboration between the Albert Ludwig University Freiburg and the University of Buenos Aires. We annually welcome students from all parts of the world.

We warmly invite you to attend the **Symposium "Science, Ethics and Arts", which is open to the general public** on Friday, October 14. The Symposium is preceded by a four-day intense Training Course and Workshop. Speakers from the Albert Ludwig University Freiburg, University of Buenos Aires, FLACSO Buenos Aires, the National University of Mexico, and the National Centre of Tumor Diseases (NCT) Heidelberg will address topics related to the ethics of human health, environment, science, technology, and research. We are happy to announce that the Boccherini Quartet as well as an exhibition of regional artists will accompany the event.
