Once again, we celebrate the mission of JOSHA to offer its library services. As a non-profit organization we have been able to provide scholarships to significantly support the careers of many students, artists, and young scientists from all around the world. Our open-access journal lays out a forum where they can present their achievements. There, you can value their presentations and follow-up on the impact of your donation. Today we are announcing a new button on our website through which you can support us. With your donation you set a sign of philanthropy and help to continue our mission to support the future careers of young gifted people.
